

We have been asked about our Fall Season and how it will be impacted by COVID-19. In short, we hope to have a “normal fall season.” However, during this pandemic we have all learned there still are many unknowns. Fortunately, we know there are practical and common-sense steps that we can all take to help get things back to “normal.”

What we are doing:

- Social Distancing: Although we are an outdoor farm/venue we do have days every season that get crowded. We have placed markers 6 feet apart in areas where lines form and will have entry and exit points to help control crowd flow.
- Face Coverings: When social distancing is not possible, we have asked our staff to wear face coverings when practical.
- Table Spacing: We have spaced all tables according to recommended guidelines.
- Touchless Menus: We have created QR Code menus for our cider bar and sample flights. Simply scan with your smartphone camera to access a link for the menu.
- Additional Sanitation: We will wipe down all high touch-point areas on a regular basis.
- Hand Sanitizer: We have lots of it and will be using it frequently.
- Employee Screening: We have asked our employees to NOT report to work if they are experiencing signs or symptoms related to COVID-19.
- Games: Since these are high touch points, we will not be putting out our lawn games, such as corn hole and connect four, until further notice.

What we ask you to do:

- Social Distancing: Please honor social distancing markers as well as entry and exit points. Do not gather in tight spaces outside of your social or family groups.
- Face Coverings: When social distancing is not possible, please wear a face covering when practical. Face coverings will be required for the hayride.
- Hand Sanitizer: If you have some, please bring it and use it. We will also be providing it throughout the venue.
- Child Supervision: Please supervise your children and keep them with you at all times.
- Self Screening: If you are experiencing signs or symptoms related to COVID-19 we ask that you do not visit until a later time
- Plan Your Trip: We have posted a full calendar for our season that runs through December. Be aware the most popular times are weekends in September and October but we have plenty going on in November and December. If you would like to come when it is less busy, we highly recommend November and December.
- Check For Updates: As this is a fluid situation, CHECK OUR WEBSITE AND SOCIAL MEDIA FOR THE MOST ACCURATE UPDATES AND INFORMATION! Again, we hope to have a “normal season” but we may have to make changes as we see how things progress or regress. Additional hours, required reservations, or canceling certain activities are all possibilities.
